

## UNITED KINGDOM

### Customised Tours

6 Nights/7 Days

**United Kingdom** Union is more than 300 years old and comprises four constituent nations: England, Scotland, Wales, and Northern Ireland. It occupies all of the island of Great Britain, the north-eastern portion of the island of Ireland and most of the remaining British Isles.

It's important to remember that the Republic of Ireland is a completely separate state from the United Kingdom, seceding from the Union and gaining its independence in 1922. The Isle of Man and the various Channel Islands are "crown dependencies", possessing their own legislative bodies for domestic legislation with the assent of the Crown. They are not part of the United Kingdom, nor of the EU, but are not sovereign states in their own right either. The UK has Ireland, France, Belgium and the Netherlands as its nearest neighbors.

The 'Great' in Great Britain (Britannia Major in Roman times; Grande-Bretagne in French) is to distinguish it from the other, smaller "Britain": Brittany (Britannia Minor; Bretagne) in northwestern France.

The UK today is a diverse patchwork of native and immigrant cultures, possessing a fascinating history and dynamic modern culture, both of which remain hugely influential in the wider world. Although Britannia no longer rules the waves, the UK is still a popular destination for many travelers. The capital and largest city of the United Kingdom is London.
